Directory:

=====

\psx\lib\old_libs

=====

Contents:

=====

This directory contains a zip file that contains the previous version of the library (version 4.2) as well as patches that have been released since the last CD Release.

=====

Instructions

=====

Use Pkunzip or WinZip to decompress the archive. Then set your LIBRARY_PATH, C_INCLUDE_PATH, and C_PLUS_INCLUDE_PATH environment variables to point to the extracted library directory
