9/10/97

CONTENTS OVERVIEW:

This directory contains plug-ins for Adobe PhotoShop 2.5, 3.0, and 4.0. The export plug-in modules allow you to create or edit files in Photoshop, and to output the image directly to the DTL-H201A for viewing on the screen. Indexed color and RGB color files may be output. The TIM format modules allow the importing of files with a ".TIM" file extension. The following table details the appropriate version numbers:

File	Version	PhotoShop	Directory
timexpe.8be	1.2E	2.5 and 3.0	PhotShp2.5
timfmte.8bi	1.2E	2.0	PhotShp2.5
timformatE.8bi	1.3E	3.0	PhotShp2.5
NEW! timexpe.8be	4.0E	4.0	PhotShp4.0\timexpe
NEW! timfmte.8bi	4.0E	4.0	PhotShp4.0\timfmte

----- INSTRUCTIONS:

- "PhotShp2.5" contains the plug-ins for PhotoShop 2.5 and PhotoShop 3.0. Read the document "readme.pdf" in the "PhotShp2.5" directory for detailed instructions on placing the proper files into the appropriate directories.
- "PhotShp4.0" contains the plug-ins for PhotoShop 4.0. If you are using PhotoShop 4.0, read the documents in the subdirectories under "PhotShp4.0" for detailed instructions on placing the proper files into the appropriate directories.
