snake: behavior like a snake

<description>

This data shows an animation that is animated by difference of starting sequence index.

Please use anim/animview in HMD sample program directory to run.

The following steps create this data:

1. "gen" is compiled from gen.c.
2. 04.lab and 64.lab are generated by "gen".
3. 04.hmd and 64.hmd are generated by "labp".
4. "gen2" is compiled from gen2.c.
5. 04\_2.lab and 64\_2.lab are generated by "gen2".
6. 04\_2.hmd and 64\_2.hmd are generated by "labp".
