

July 1998.

This directory contains Adobe Acrobat "pdf" versions of the HTML documents that are on the Programmer Tools CD. If you have an HTML 3.0 compatible browser, point your browser to the document "readme.htm" on the CD.

The following documents are in .pdf format and are provided for your convenience (some hyperlinks will not function however):

- readme.pdf - Contains introductory material for the set of documents listed here.
- allsamp.pdf - Contains a listing and brief description of all samples included on the CD.
- cat.pdf - Contains all of the categories of software that are included on the CD.
- content.pdf - Contains a table listing (sorted alphabetically) of all of the software on the CD, with version numbers and a brief explanation of each file.
- hadobe.pdf - A document that explains how to use the Adobe Acrobat reader.
- instsoft.pdf - Contains information on installing software.
- inst31.pdf - Contains supplementary information for installing software on Windows 3.1 systems.
- newcont.pdf - Contains important news and information.
- runsamp.pdf - Contains an explanation of how to run the samples on the CD.

This information, as well as all other information on this CD, is duplicated and is searchable on the companion Technical Reference CD. Open the file "catalog.pdf" on the Technical Reference CD for more details.
